Hi Eva,

Thanks for working with CDM to fit the KM Linnton meeting into your schedules.

Attached are DEQ responses to EPA's primary comments on the draft DEQ source control decision for the Fred Devine site. During our meeting on Oct. 11th we would like to clarify and discuss expectations for EPA primary comments and how DEQ responds to them. Also, we want to work through the EPA comments on the draft Fred Devine decision which are similar to other recent EPA comments provided on draft source control decisions such as BNSF Rail Yard.
